

## Series 17 Chain Wheels

### Introduction

The Series 17 Chain Wheels provide ground-level manual opening & closing of overhead valves. They are easily installed on Flow Line Controls Series 15 Gear Operators or other manufacturers gear operators and replace the standard handwheel. The Series 17 Chain Wheels use welded link chain that does not have sharp edges or burrs that can cause injury. Flow Line Controls installs chain cut to customer specified lengths.

### Specifications

#### Wheel Materials

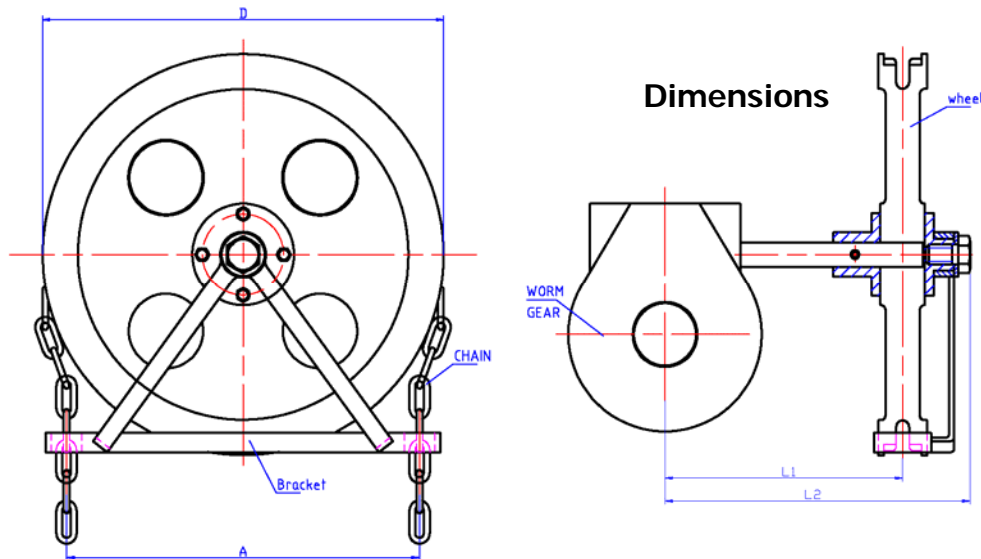

Sprocket & Hub: ductile iron  
Bracket: steel  
Hardware: steel

#### Weights

17-32200: 12 pounds  
17-32290: 20 pounds  
17-32410: 38 pounds

#### Chain

Type: straight coil, welded link, smooth edge  
Length: customer specified length  
Materials: zinc coated steel

PART #	USE WITH GEAR OPERATOR PART #	D	L1	L2	A	SHAFT BORE*
